

Before you order our kit or begin construction, obtain a building permit. If additional documents are required contact Questions@barnkits.com.

Aspen II Elevation

Foundation: By owner. Optional wood floor available, see specifications below.

Wall Framing: Constructed from 2x4 pre-cut wall studs spaced 24" on center between top and bottom plates. 2x4 tie plates are included.

Siding: Louisiana-Pacific 'Smart Panel' primed 8" o.c. groove with 50 year warranty, 5 year labor replacement. Siding is pre-cut for fast and accurate field assembly.

Roof System: 2x4 trusses spaced 24" on center, covered with pre-cut 7/16" OSB roof sheathing. Copper color metal roof kit included.

Exterior Trim: Primed white pine trim for corners, door and gable trim with 15 year warranty. Doors are pre-built, door hardware included.

Hardware: Nails, truss hangers. Lower windows are optional and extra.

Optional Floor: Constructed with treated 2x4 framing. Floor joists are spaced 16" on center and covered with 5/8" OSB (oriented strand board).

Foundation Size

12'x8'12'-0" long x 8'-0" deep

2x4 Treated Joist 16" o.c.

* If necessary use bricks, patio stones or similar material to level or provide additional support to the floor. If your ground has low areas consider adding gravel and or 4x4 treated timbers to rest the floor on.
